10 **Sharp Carousel Convection Microwave Oven.** A compact oven which incorporates the benefits of convection cooking with the speed of microwave. The oven offers a choice of cooking—conventionally with convection for searing in the moisture and flavour and even browning and for delicate dishes such as meringues—or as a microwave to save on cooking time or as a combination of the two to get the best of both methods. Stainless steel interior with oven light and 'self-clean' back panel. Has three and five power settings. Complete with full instructions and cookery book. 240 volts AC only. 1300 watts (convection), 650 watts (microwave). Size: 21½ x 20 x 15½ ins. high. Guaranteed one year.
