

SAVE POUNDS ON RE-DECORATING WITH AN XPELAIR

Xpelair whisks away cooking smells, extracts greasy dirt, reduces condensation, protects your paintwork!

Only Xpelair offers you all these features and costs less too!

New Xpelair is the most advanced fan in existence. Its unique enclosed design is simple, modern, unobtrusive — suitable for modern kitchens. It runs quietly... handles steam, greasy dirt, cooking smells... keeps your kitchen cool and comfortable... and your paintwork fresh as ever. A dustproof shutter opens and closes as the fan is switched on and off. As for cleaning — reach a button and off comes the front of the fan complete with shutter for washing in warm water. Running cost? Not more than a lid a day. Other important points: no annoying extras to buy... the fan is complete with switch and starters, installation in window or wall is easily arranged.

This brand of Domestic Fan Co. Complete ready to install **£10.15.0** including P.T.T. New Xpelair also available in 12" x 12" size and 12" size in flat Fan for bathroom use.

FREE COPY by post when filled. Describe New Xpelair to: Special Services, Domestic Fan Co., 214 Chiswell Street, London E1C.
