

Every "Xpelair" Fan makes a promise **AND KEEPS IT!**

When you specify an "Xpelair" Fan you specify a **GUARANTEED** Air Displacement of 14,000 cubic feet per hour.

This guaranteed air displacement is important—for when considered in terms of initial cost and running costs it represents cheaper air movement than is provided by any other fan of this type.

It is important too, because it is a guarantee made, not by the manufacturer alone, but certified by an *Independent* authority—the **NATIONAL PHYSICAL LABORATORY**.
