

*No more Cooking Smells
or Steamy Walls*

... I've got an

XPELAIR

The Xpelair whisks away cooking smells and hot steamy air; reduces condensation. It keeps the house fresh and healthy and lets you have windows shut against weather and dust. When it's switched off a built-in iris shutter seals out draught. Fits easily into window glass or wall.

Prices: with shutter from £11.3.0.
without shutter from £8.0.0.

From all good electrical suppliers.

See the Xpelair at the
