**What you  
need to know  
about home  
ventilation**

 Xpelair

Imagine everything you might need to make your home an Ideal Home, then take a deep breath. Not because of the cost, but because the more you insulate and centrally heat your home the more you need good ventilation.

This booklet tells you how to go about it. Get a copy on Stand B14. If you miss us at the Exhibition write for your free copy to Publicity Dept., GEC-Xpelair Limited, P.O. Box 220, Deykin Avenue, Witton, Birmingham B6 7JH.
