

## Argos Quick Guide to air purifiers

An air purifier traps particles in the air such as dust and pollen which reduces the effect of allergies, asthma and hay fever – such as itchy eyes and sneezing.

### ROOM SIZE

This indicates the maximum room size for the purifier to work effectively.

### CADR (Clean Air Delivery Rate) RATING

This measures how quickly the air purifier can clean the air. The higher the CADR rating, the quicker the air will be cleaned.

More information about air purifiers visit [www.argos.co.uk](http://www.argos.co.uk)
